

Printable Permission Form

Digital Resources at Navy Elementary

This letter is sent home in compliance with the Family Educational Rights and Privacy Act (FERPA) to provide you with information about the measures FCPS takes to keep student data secure when using digital tools. By signing this form, you provide permission for your child to use the FCPS-approved online tools listed below as part of an instructional program.

Fairfax County Public Schools uses a variety of resources to support student learning. In cases where FCPS contracts with a vendor to host student information, FCPS requires that the vendor adhere to the security and privacy requirements specified in a confidentiality agreement included in their contracts. FCPS does not have contracts with every instructional tool vendor. Many valuable instructional tools are governed by Terms of Service (TOS) and include both free and paid tools. Some of the digital resources your child may use this year require parental consent.

Listed below are the digital tools that are used at your child's school that require parental approval, and not all tools will be used by every student. The tools have been carefully reviewed to ensure that they align with the FCPS Learning Model and FCPS conducts the same technical evaluations for all products that use student information. These entities may have access to certain information from your child's education record, necessary to providing their functions, including, but not limited to, directory information as designated in the Fairfax County Public Schools Student Rights and Responsibilities, along with any student work that is created on the respective applications.

For information about the specific tools that will be used by your child, please contact your child's teachers. You will be notified if additional tools are added to this list and given the opportunity to opt-in to tools that require parental permission. Additionally, FCPS may use digital tools that do not collect, use or share any personal information.

You can find more information about FCPS' commitment to student privacy at <https://www.fcps.edu/resources/technology/digital-citizenship-internet-safety/digital-privacy-fcps> and a list of all approved digital tools is viewable online in the [FCPS Digital Ecosystem Library \(https://del.fcps.edu/\)](https://del.fcps.edu/) which has links to the vendors' privacy notices and other useful information.

This permission will expire at the end of this school year, and can be revoked at any time by contacting the school. If you have questions about any of the digital resources listed below, please contact your child's school.

Please indicate your choice, sign, and return this document to your child’s school, or fill in the form and email the it to cmmclaughlin@fcps.edu from the email address you have registered in ParentVUE. This will serve as your permission for your student to have access to these tools. You may keep the list of digital tools for future reference.

_____ I consent to allow my child to use the digital resources listed below.

_____ I do not consent to allow my child to use one or more of the digital resources listed below. *(Please provide any comments below and someone from the school will contact you to discuss specific questions or concerns.)*

Comments _____

This permission will expire at the end of this school year, and can be revoked at any time by contacting the school. If you have questions about any of the digital resources listed above, please contact your child’s school

Student First and Last Name
